**Subject:** RE: West Deeping Quarry

Dear Cllr Ward,

Thank you for your email.

As outlined at the last liaison meeting, Breedon are continuing to operate in the West Deeping area and we are currently considering options for further quarrying in the locality. We intend to expand on this during the upcoming presentation evening on the 27<sup>th</sup> February 2023 and hope that you will be able to attend.

Our presentation will cover:-

- Current operations
- Current planning applications
- Proposed planning application for MS29/SG17 and anticipated timescales for submission
- The future possible quarrying of Manor Farm South SG11

There will be the opportunity for residents to ask questions following the presentation and we hope that as many residents as possible will be able to attend. We will provide a copy of the presentation following the event on the 27<sup>th</sup> February.

If you wish to discuss anything further prior to the meeting I am happy to make my Land & Minerals Manager (Chris Burgess) available for a discussion

Kind Regards

**Tim Billingham**
