SOUTH
KESTEVEN
DISTRICT
COUNCIL

The Rt Hon Sir John Hayes CBE MP
House of Commons
Westminster
London
SW1A 0AA

Dear Sir John,

West Deeping concerns

Thank you for your letter dated 19 March 2020. Please accept my apologies for my delay in responding.

I can confirm that South Kesteven District Council is aware of residents' concerns regarding water management and the sewerage works in West Deeping and have previously raised this matter with Anglian Water.

The investigations undertaken by Anglian Water included observation of the flow entering their network from the Tallington Lakes private system. It was found that the flow did not cause issues in relation to their assets and did not warrant any further action by them. However, they did commit to carrying out periodic checks to take account of any change in this situation. I understand that, as part of their on-going engagement in this matter, Anglian Water have attended West Deeping Parish Council Meetings.

With regards to the Planning concern, I can confirm that the Council's Planning team is continuing to consider the impacts of the additional caravans being proposed for, and sited at, the Tallington Lakes Leisure Park, in conjunction with the Council's Environmental Health team and the Environment Agency.

I hope that the above provides you with the necessary reassurance but please do not hesitate to contact me again, should you require any further information.

Yours sincerely

Karen Bradford
Chief Executive
